

Take Home Notices for Week Ending May 27, 2016

Important Reminder:

If you are attending an activity at school and plan to take your child home with you, please send a note with your child in the morning (including siblings). This will reduce the amount of interruption to classrooms and eliminate confusion at dismissal time caused by last minute pick ups.

Thank you!

Hardcovers and oversized paperbacks \$1.00

Buchanan Auditorium at Mansfield Public Library 54 Warrenville Rd. (Rte. 89) Mansfield Center

All proceeds benefit the Mansfield Public Library

PTO Officers Needed!

May 2016

Dear Southeast Community,

We are in the process of planning for next school year, and ask that you please consider nominating yourself or a fellow parent to be a PTO Officer for the 2016-2017 school year.

We are seeking a President, Vice President and Secretary, and encourage you to get involved in one of these roles. These roles can be shared between two people, which lightens the workload. It is a nice opportunity to work with the Southeast staff and get involved in your child's education. It is a great way to meet people and can actually be fun! We are parent volunteers, working together to encourage communication and support for our kids, teachers and families.

Help keep our Southeast PTO community strong-we need your involvement! A typical week in a President's/Vice President's life is about 1-2 hours of planning time. Treasurer's time is approximately 1 hour per week and Secretary's commitment is 2-3 hours per month.

Please read on for a description of each officer role to get a better understanding of responsibilities. You can also email southeastschool.pto@gmail.com or Principal Lauren Rodriguez and we will be happy to provide further details.

Sincerely,

Erin Clark, Lindy DeGennero, Mel O'Donovan

Jennifer Mott, Sheralyn Sibilia and Noreen Halbrooks

PTO Officer/Committee Chair Roles

President:

- -facilitate and prepare PTO meetings (babysitter, food, agenda, guest speakers)
- -assist with coordination of events, volunteers and fundraisers
- -collaborate with Principal as necessary
- -assist with publicity
- -attend BOE meetings as necessary; report out once per year

Vice President:

- -fundraising chair
- -Co-coordinates events with Special Events Coordinator and/or Treasurer and/or President

Treasurer:

- -bookkeeping
- -co-coordinate silent auction
- -coordinate payments out with fundraising volunteer
- -give treasurer report
- -share budget report with staff and Principal as needed
- -update thermometer on the PTO board
- -send treasurer's report to web site for posting

Secretary:

- -scribing and sending minutes
- -posting minutes on PTO board
- -send minutes to be posted on web site

Special Events Coordinator:

- -co-coordinates with VP: Carnival, Moving On Ceremony, Ice Cream Socials and other events
- -publicize events (on board, web site and newsletter)

In conjunction with local coaches, athletic directors and trainers, the Mansfield Parks & Recreation Department is excited to offer another summer of quality Sports Camps to local athletes. All camps are led by highly qualified individuals who are committed to supporting each athlete in improving his/her skills and knowledge.

Camp leaders will emphasize learning without sacrificing the fun nature of sports. Coaches are well trained to work with athletes of all ability levels to improve game skills with focus on fundamentals, individual and team skills.

Additionally, daily game play will be part of the fun camp experience!

AWESOME ACTIVITY WEEKS - SUMMER 2016

Brixology

New Mad Science program with LEGO™ Bricks

Brixology Camp sets the foundation for our next generation of makers! Kids learn about different types of engineering and then team up to construct a different engineering-themed project using LEGO™ bricks. They learn about aerospace engineering while assembling a space station. They explore mechanical engineering as they build boats and vehicles. That's not all, from carnival rides to drawing machines, mechanical animals to truss bridges, your future engineer will build upon their creativity to solve real-world design challenges, while developing problem-solving and team-building skills. Let the tinkering begin!

aratomy academy

In this weeklong camp, children will have fun while learning about the scientific equipment they already own-the human body. Kids will explore the science behind cells, organs, muscles and bones through fun, hands-on activities. Campers will use micro-slide viewers to see some of the tiny cellular machines that keep our bodies working and will play the "Cell game" to learn about the "stuff" inside cells. Fun experiments will help campers understand more about their senses. brains, breathing, circulation digestion. Children may create model cells, make Mad Mucus and a simulated stomach, build simple lung models, assemble a model skeleton, and much more.

E2 - Engineering Explorers

Whether your child loves to build things or destroy them, this week of camp includes lots of both! The junior Mad Science engineers will design and build bridges and "skyscrapers" using simple tools and their imaginations. Kids will even construct a geodesic dome big enough for all the campers to sit inside! Then the machine madness starts as they discover how many different machines, simple & complex, we use in our daily lives. Campers will have fun designing simple machines using pulleys, wedges, screws and levers. Then we move on to engineering in action - your kids work together to brainstorm, design, test, evaluate and redesign problem-solving contraptions!

SECRET AGENT LAB

Develop your special agent and detective skill in this super hands-on week of fun! Uncover the science involved in evidence gathering and analysis. Sharpen your secret agent skills and discover how chemistry and the science of forensics can come to the aid of a secret agent. Identify and collect evidence - from fingerprints to tracks to trash! Secret agents-in-training will use science and awesome technological tools to connect the dots and help sniff out the suspects in this investigation into the science of sleuthing.

Other programs that may be available in surrounding areas include:

E² - Engineering explorers, Survival, Anatomy Academy, Brixology, Secret Agent, Crazy Chemworks, Space & Beyond, Rockin' Rockets, Red Hot Robots

razy hemworks

We'll learn about the tools scientists use in their laboratories - atoms, molecules, and reactions; acids and bases; and fluorescence and phosphorescence. We'll also examine investigate super sticky things by exploring suction, hydrogen bonding, and static cling and see some very cool dry ice demonstrations! The best part is that each day we'll be able to continue the science fun at home with our very own labware take-homes!

Confine the stratus Confiner

See reverse for camp details

THE INSTRUCTORS

Nancy Cooke Bunnell is a certified art teacher with over 30 years experience. Nancy has 25 years experience teaching in public schools and a combined 8 years teaching through the Community School of the Arts and Mansfield Community Center, among others. She currently teaches the regularly offered Youth Art Classes through Mansfield Parks and Recreation. She is also an award winning painter and pastel artist.

Reagen O'Reigaekn's programs are specific to curriculum guidelines and she specializes in combining hands-on tactile fun that develops motor skills with lessons that introduce contemporary and historical artists/art movements. She can often be found telling imaginative stories, wearing costumes, singing or dancing in the classroom. She incorporates phonics, counting, science and geography into her teaching wherever possible and finds teaching to be extremely rewarding.

VISIT WWW.MANSFIELDCC.COM
OR CALL 860.429.3015, EXT. 0
FOR MORE INFORMATION

MANSFIELD COMMUNITY CENTER 10 S. EAGLEVILLE RD, STORRS, CT 06268

Mini-Masterpiece Studio - Nature and Abstraction

(Entering grade 1 - age 14)

Draw, paint, and be a sculptor! This week of hands on art-making will let campers express themselves in daily artistic exercises and learn about the lives and works of famous artists who used nature as their inspiration. Explore Christo and Jean Claude's Land Art, Georgia O'Keefes Flowers, Joan Miro's Biomorphic Shapes, Richard Long's Mud Paintings, and more! Make a mini-masterpiece each day! Please dress for a mess! Instructor: Reagen O'Reigaekn

Dates: Mon.-Fri., June 27-July 1 Time: (152200-A) 9 a.m.-4 p.m.

Fee: \$189 for residents \$199 for non-residents Materials Fee: \$30 materials fee due at registration.

Joy of Printmaking: Silkscreen

(Entering grade 1 to age 14) our own drawing, turn it into

Develop your own drawing, turn it into a silkscreen and print your artwork onto fabric and paper!

Campers will create a frame-able work of art in the style of famous artist Andy Warhol, and print their design onto a t-shirt, canvas tote, make sketchbooks and notecards, and make an edition of prints to exchange with classmates. Campers will also be introduced to other fun printmaking techniques like printing with yarn and jello. These fun and easy techniques can be used over and over at home after the class ends. Dress for a mess! Instructor: Reagen O'Reigaekn

Dates: Mon.-Fri., July 11-15

Time: (152205-A) 1:00 p.m.-4:00 p.m.

Fee: \$143 for residents \$153 for non-residents Materials Fee: \$25 materials fee due at registration.

Art From Around the World!

(Entering grade 1 - age 14)

Learn about the traditional arts and crafts of different cultures. A week of hands on art making lets campers express themselves creatively while learning new art processes, geography and about other cultures.

Campers will paint, draw, stitch, weave and glue as they make Greek Story Vases, Aboriginal Dot Paintings, Cave paints, Quilted Molas, Sand Mandalas, and more! Each day will include a short art history lesson, project time, nature time, play time, and art exercises or engineering challenges. Please dress for a mess.

Instructor: Reagen O'Reigaekn Dates: Mon.-Fri., July 25-29

Time: (152201-A) 1:00p.m.-5:00 p.m.

Fee: \$94 for residents \$104 for non-residents Materials Fee: \$25 materials fee due at registration.

Impressionism to Abstract – Painting Workshop for Creative Kids

(Ages 6-11)

Have fun playing with paint! Use your imagination! Explore the works of a variety of artists in the 20th century from Impressionism to Modernism. Students are encouraged to observe carefully to experiment materials, shape, color, line, and texture and to create unique artworks using imagination and beginning understanding of art history. An exciting class that encourages creativity and invention. An experienced, creative art teacher brings her own unique, wild and wonderful skills to the children's program.

Instructor: Nancy Cooke Bunnell
Dates: Mon.-Fri., July 11-15
Time: (152203-A) 9 a.m.-12 p.m.

Fee: \$94 for residents \$104 for non-residents Materials Fee: \$25 materials fee due at registration.

I Like to Draw Everything! Workshop for Creative Kids

(Ages 6-11)

Do you like to draw, doodle and design cartoons, dragons, fairies, monsters, animals, or things in nature? Bring your ideas and work with an experienced, creative art teacher who brings her own unique, wild and wonderful skills to the children's program! This class introduces basic drawing concepts in many drawing media such as pencil, colored pencil, oil pastel, metallic and colored markers. Artists are encouraged to look carefully, to experiment with materials, shape, color, texture, and line, and to create unique artworks using imagination and observation.

Instructor: Nancy Cooke Bunnell Dates: Mon.-Fri., July 25-29

Time: (152204-A) 9:00a.m.-12:00 p.m.

Fee: \$94 for residents \$104 for non-residents Materials Fee: \$25 materials fee due at registration.

Dream it. Build it. Wreck it. Repeat.

Kids are already naturally gifted creators. Then they get added inspiration from our specially trained instructors. They dive into our massive collections of LEGO. And while they build elaborate objects, structures and vehicles, they explore fundamental principles of engineering and physics. They also learn to collaborate and create without fear of mistakes. The experience is joyful, the impact long-lasting.

MANSFIELD PARKS AND RECREATION

YOUTH SPORTS SKILL-BASED PROGRAMS

Skyhawks Sports Academy provides sport programs where children discover and develop athletic skills and social values, such as teamwork, respect and sportsmanship. We offer children a positive sports experience while promoting a healthy, active lifestyle.

SUMMER 2016

(course) (dates) (days) (time) (ages) (res/non-res fee) (location)

BEGINNING GOLF CAMP

152030-A 7/11 - 7/15 M-F 9:00 a.m. - 12:00 p.m. 5-8 \$135/145* Mansfield Community Center (Farrell Fields)

Boys and girls will learn the fundamentals of swinging, putting and body positioning. Using the SNAG® (Starting New At Golf) system, we have simplified instruction so that young players can make an effective transition onto the golf course. All equipment provided.

*Non-resident fee applicable to all customers not a resident of Mansfield.

LACROSSE CAMP

152016-A 7/05 - 7/08† T,W,Th,F 9:00 a.m. - 12:00 p.m. 6-12 \$109/119* Mansfield Community Center (Farrell Fields)

Lacrosse combines basic skills used in soccer, basketball and hockey into one fast-paced game. Boys and girls will learn the fundamentals of stick handling, cradling, passing and shooting in a fun, non-checking environment.

Notes: Participants must provide their own equipment which includes protective head gear (goggles for girls, helmet for boys), gloves and stick. Limited lacrosse kits available for rent (helmet, gloves and stick) on www.skyhawks.com.

†4-day program. No camp on Monday.

*Non-resident fee applicable to all customers not a resident of Mansfield.

TRACK AND FIELD CAMP

152040-A 8/08 - 8/12 M-F 9:00 a.m. - 12:00 p.m. 7-12 \$135/145* Mansfield Middle School

Skyhawks track and field combines technical development, fundamental techniques and safety with a major focus on fun! Using special equipment, boys and girls learn the fundamentals of body positioning, stride, proper stretching and cool-down techniques.

*Non-resident fee applicable to all customers not a resident of Mansfield.

Visit www.skyhawks.com or call 800.804.3509 for program details.

"I was very impressed! My boys tire easily of the same activity – they were never bored with this camp. They loved it. The coaches gave great feedback – made me feel my kids were looked after and not just one of the many. We're hooked on Skyhawks!"
